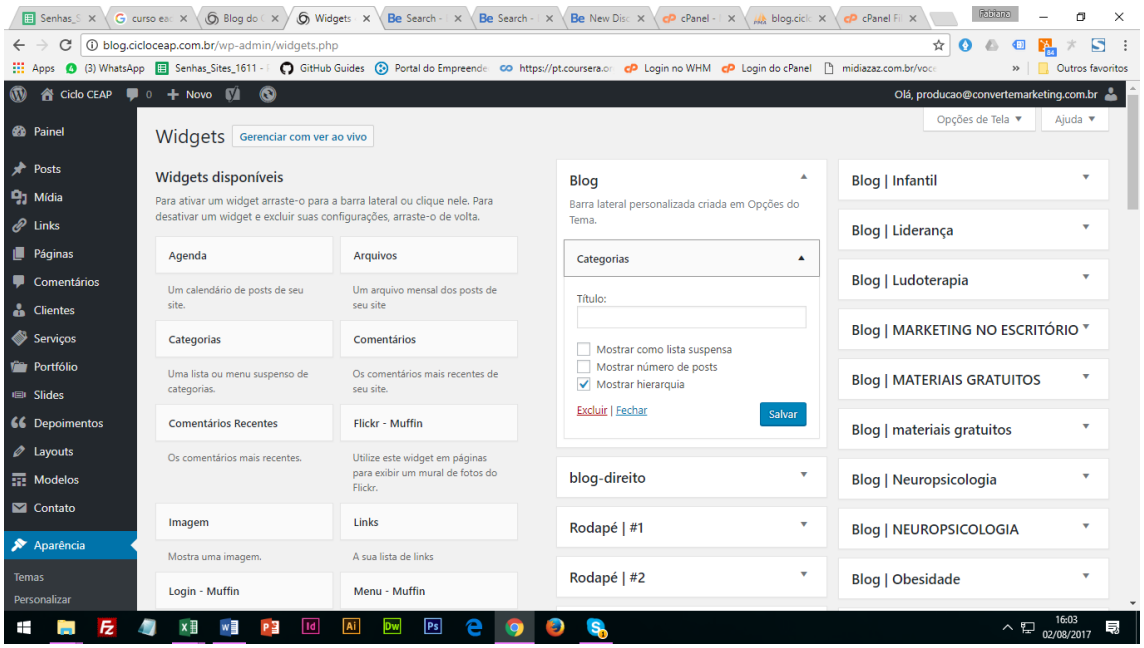
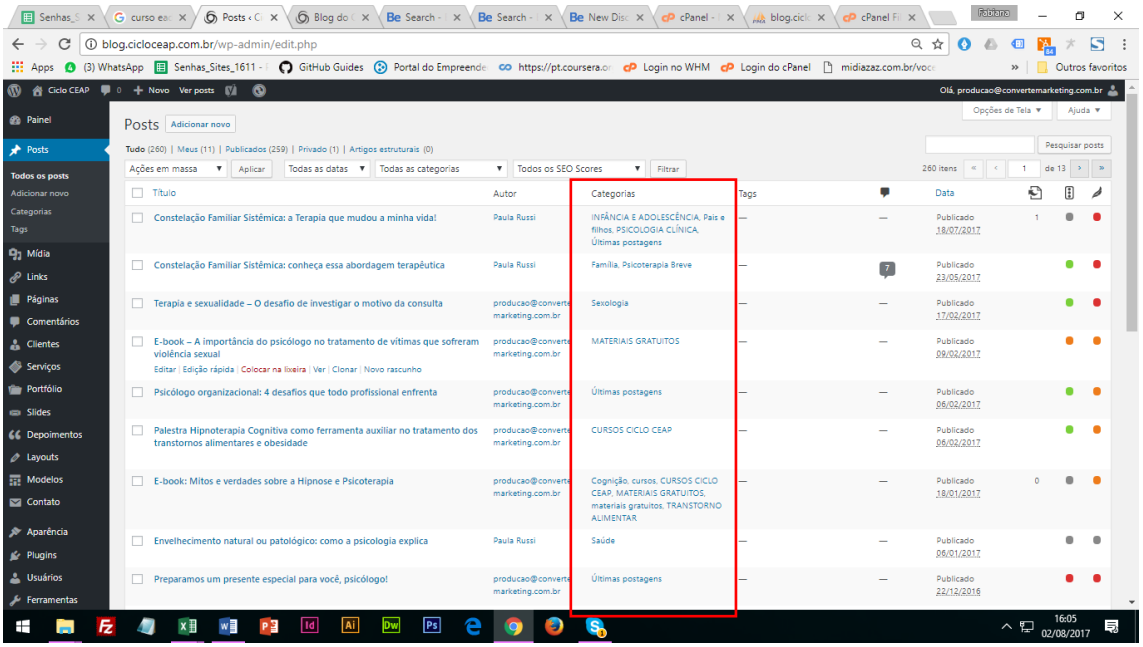
Widget not filtering

>> Widget left hand side, showing all posts categories.



>> Categories in front end

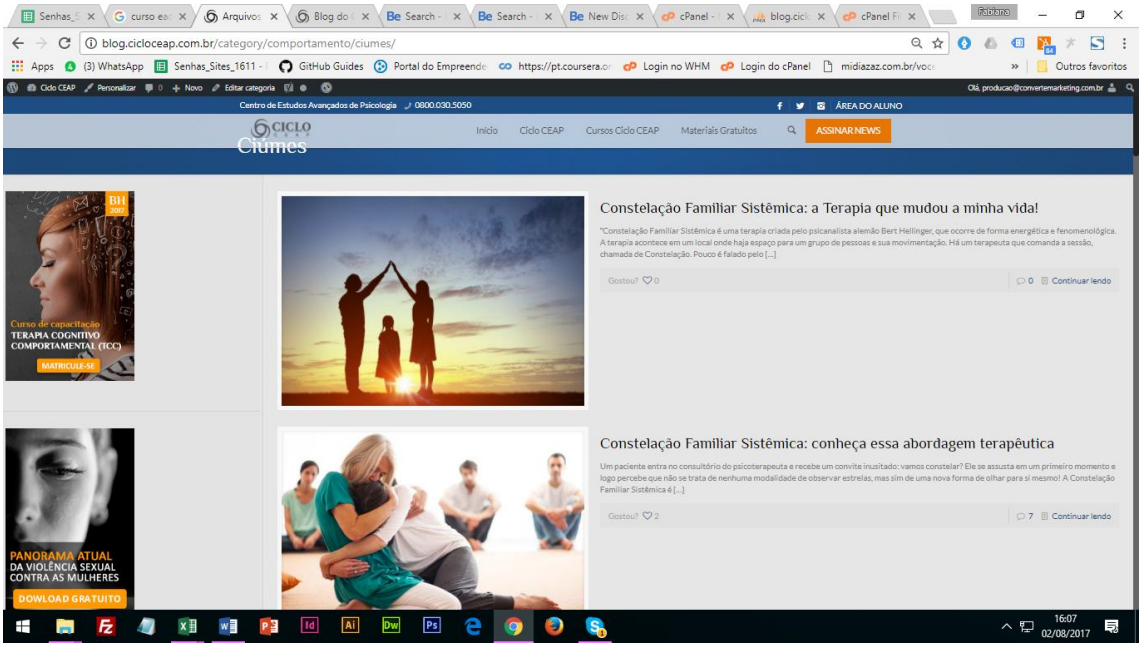
>> Posts assigned with their categories



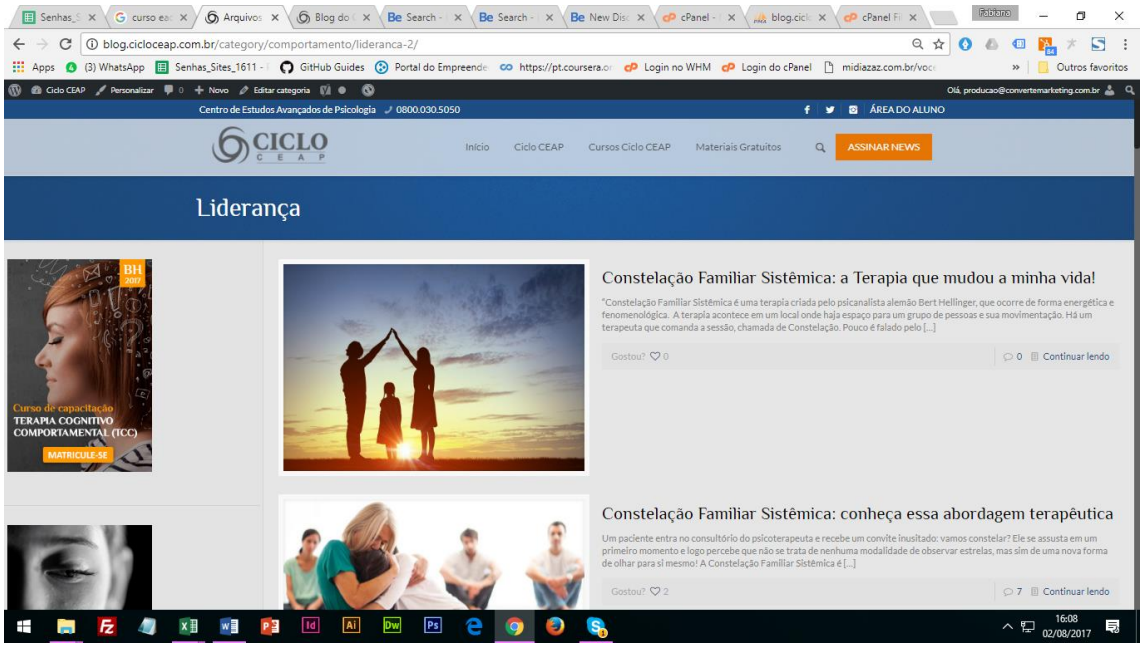
Problem

When I click on any category in front end is showed the same posts. It does not follow the marked categories.

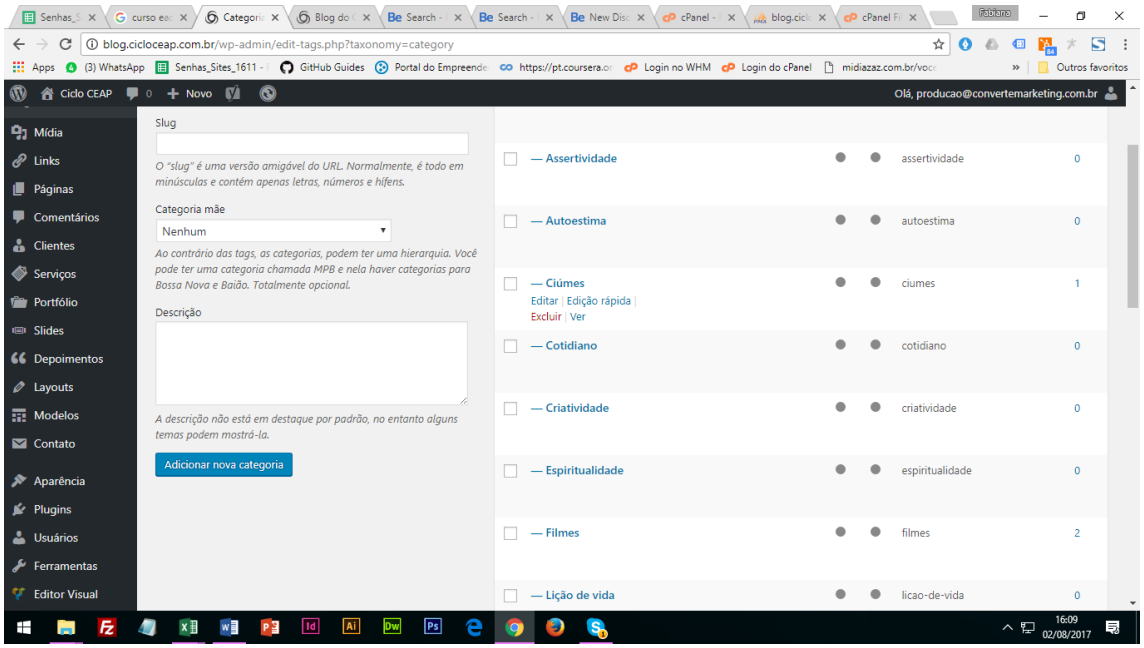
Clicling on Ciumes

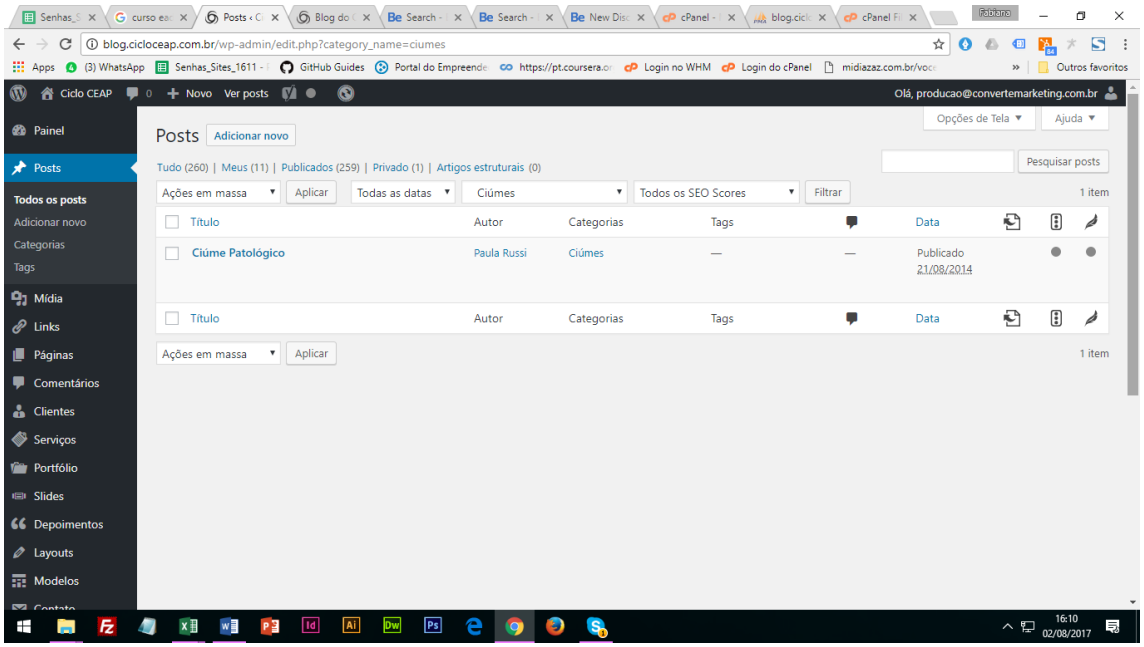


Example: Clicking on Liderança

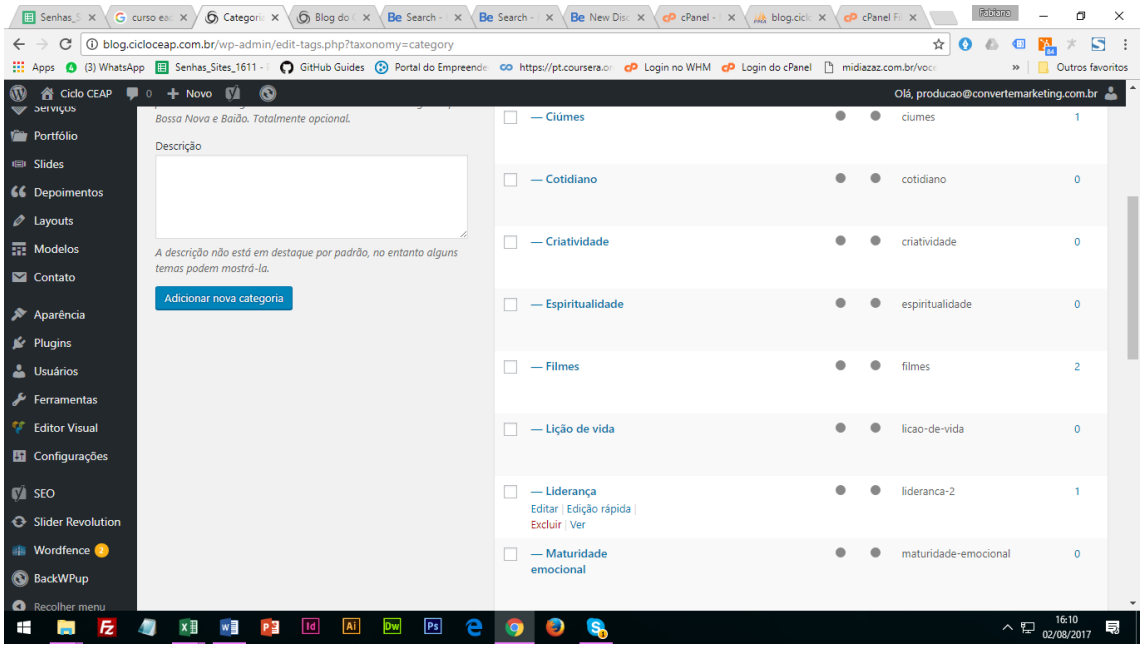


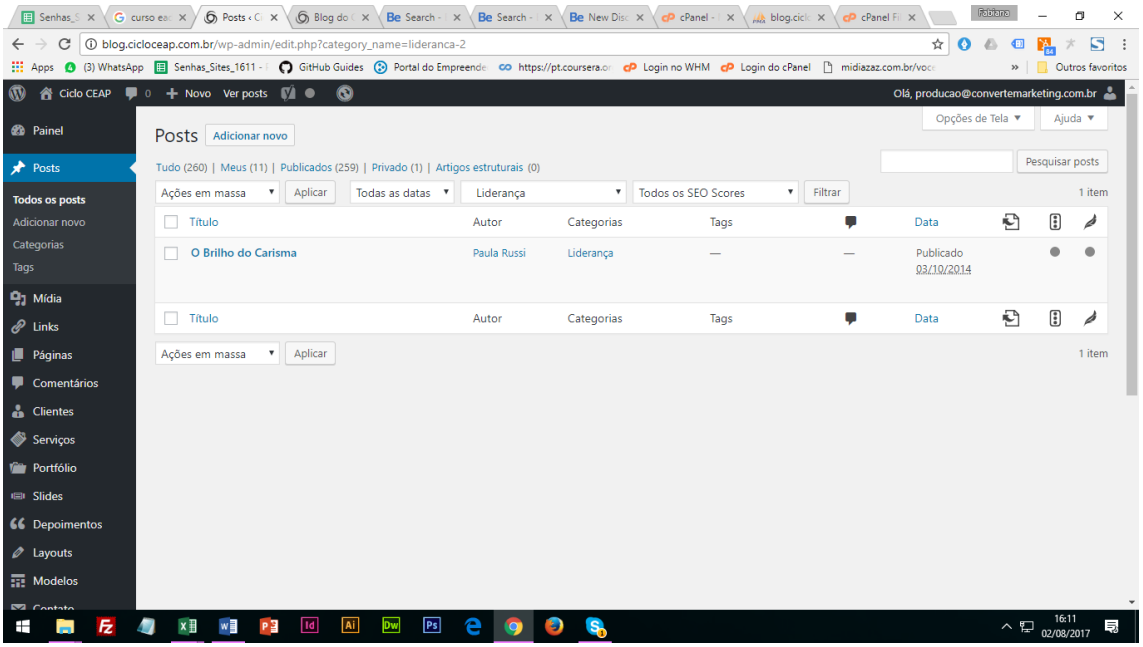
On Ciumes subcategory is assignedonly one article





On Liderança subcategory is assigned only one article





blog.cicloceap.com.br/wp-admin/edit.php?category_name=lideranca-2
